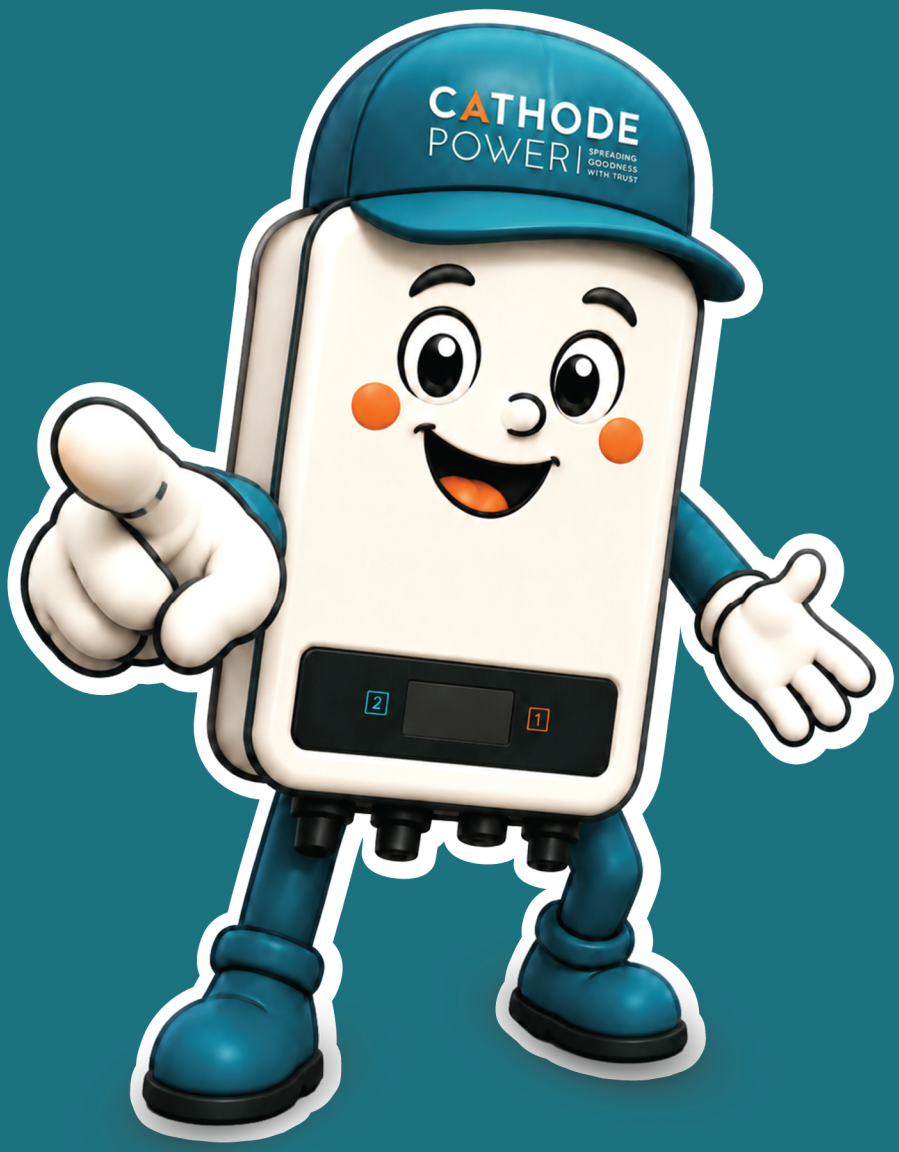
CATHODE®
POWER | SPREADING GOODNESS WITH TRUST

SMART • RELIABLE • EFFICIENT

No.1 Choice of Solar EPCs Across India



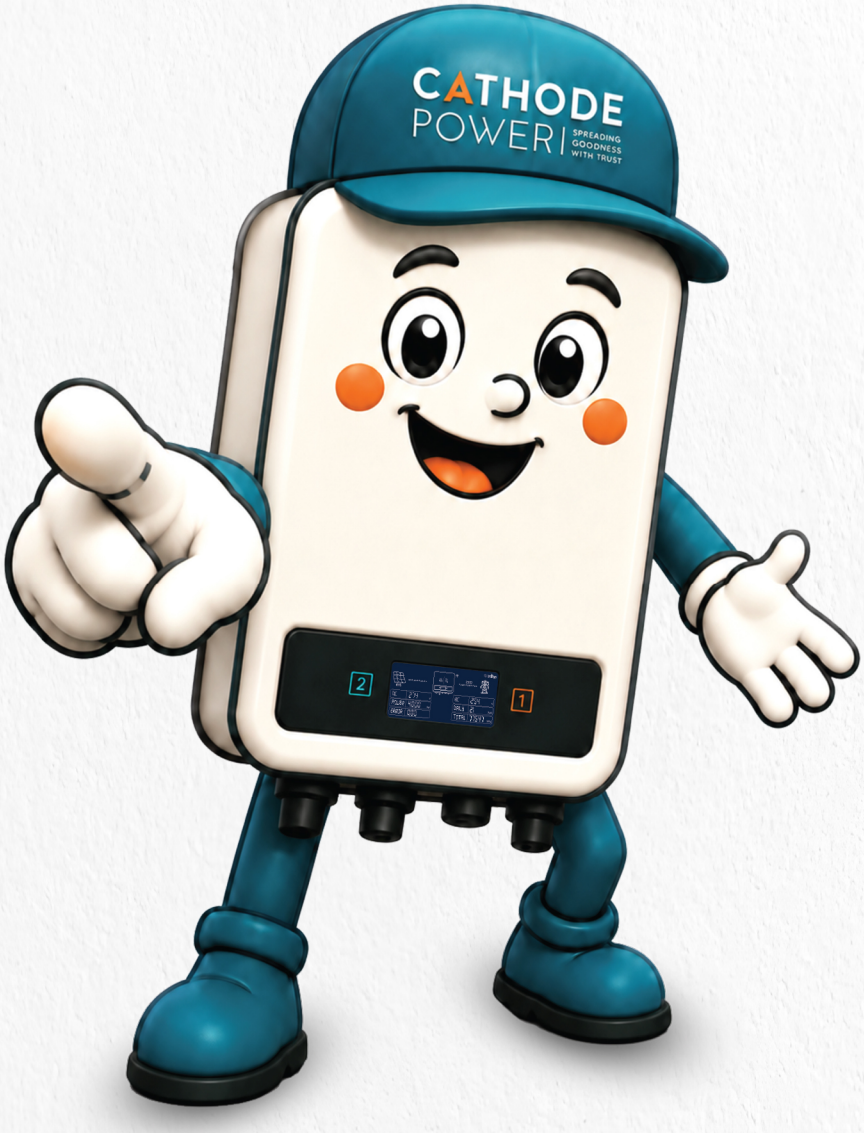
CATHODE POWER | SPREADING GOODNESS WITH TRUST

Empowering Epcs To Build A Sustainable Future With Smart, Efficient & Reliable Inverter Solutions.

On-Grid | Hybrid | Micro | BESS

WHO'S GOT YOUR BACK ON EVERY INSTALLATION?

YOUR POWER PARTNER FROM INSTALLATION TO AFTER - SALES



OUR **STORY**

20%+
R&D Investement / Revenue

12+
R&D Staff

24/7
Customer Support

100+
Local Professionals

500+
Service Partners

2021.
Incorporated on 27th October with a bold vision to make clean energy accessible.

2022.
Established in-house manufacturing facility launched first product range.

2023.
Opened corporate office strengthened operations and dealer network.

2024.
Expanded workforce to 100+ staff in manufacturing and 30-40 staff in corporate office introduced advanced inverter models.

2025.
Recognized as one of India's fastest-growing solar inverter brands trusted by solar EPCs nationwide.

2026.
Expanding product portfolio in domain of Hybrid Inverters & BESS.

WHY **CATHODE POWER?**

At Cathode Power Pvt. Ltd., we are redefining the way India experiences solar energy. As one of India's top leading solar inverter manufacturing companies, we specialize in delivering high-efficiency, which makes our Inverter suitable for everyone.

AFFORDABLE

We believe clean energy should be accessible to all. Our Made-in-India solar inverters are designed to offer maximum efficiency at competitive prices, making solar adoption easier and more cost-effective for homes and businesses across India.

RELIABLE

Recognized as one of India's top solar inverter manufacturers, we deliver products that consistently perform in diverse Indian conditions. From residential rooftops to large commercial installations, our inverters are built for long-term reliability, stability, and superior energy output.

SUSTAINABLE

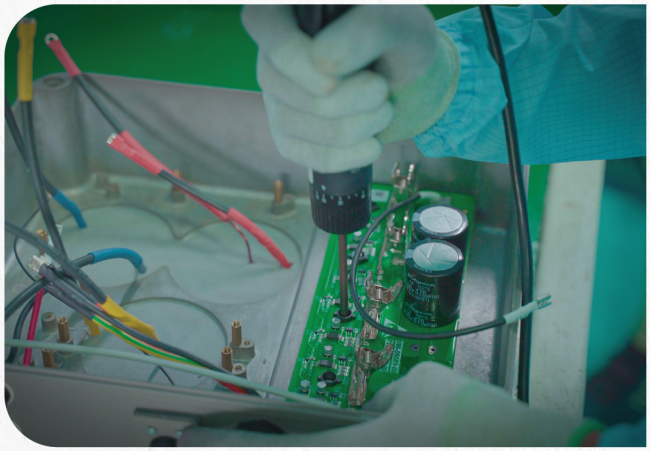
Sustainability is at the heart of everything we do. Our inverters are engineered to support India's clean energy goals by reducing dependence on traditional power sources and enabling users to harness solar energy efficiently and responsibly.

DEPENDABLE

With a PAN India presence and a strong network of support and service partners, Cathode Power is a brand you can count on. Our commitment to quality, customer satisfaction, and continuous innovation makes us a dependable partner in your solar journey.

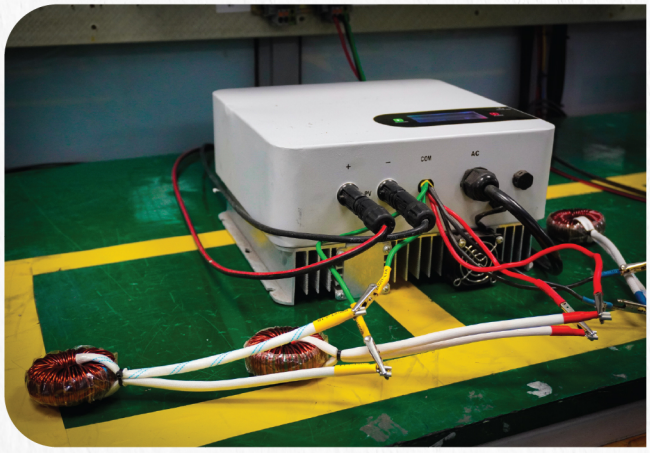
UNIQUE SELLING PROPOSITION

- Precision Tested Reliability
- Robust All Weather Design
- Smart Thermal Management
- True MPPT Performance
- Real Time Diagnostic Suit
- Advance HERIC Topology



ASSEMBLY VERIFICATION

Every inverter goes through meticulous checks during assembly to ensure component integrity and system compatibility.



IMPULSE WINDING TEST

Applies high voltage pulses to winding systems to assess their response and identify manufacturing flaws.

AGEING TEST

Subjects the inverter to prolonged stress cycles to simulates long term operation and highlight premature failure risks.

HEAT RUN TEST

Monitor the inverter’s thermal performance under full load to ensure safe operating temperatures.

IV CURVE

Simulates real-world solar panel behavior to assest MPPT (Maximum Power Point Tracking) Performance & Efficiency.

EFFICIENCY TEST

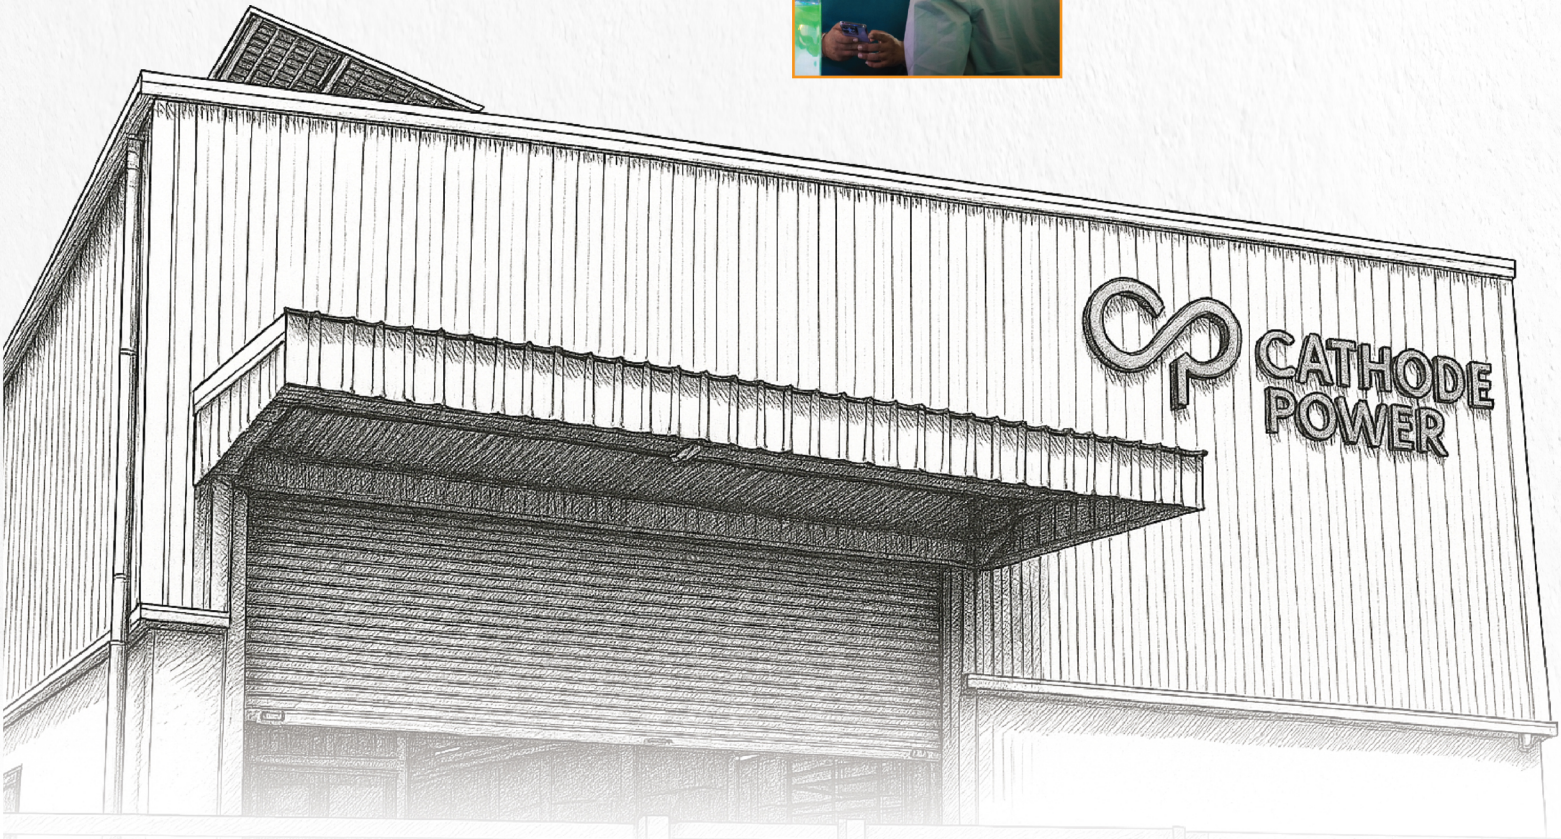
Measures the conversion efficiency from DC (solar) to AC (grid/home), ensuring minimal energy loss.

HIGH VOLTAGE INSULATION TEST

Assesses the insulation resistance at high to verify safety & compliance with global standards.

INDUCTOR FUNCTIONALITY TEST

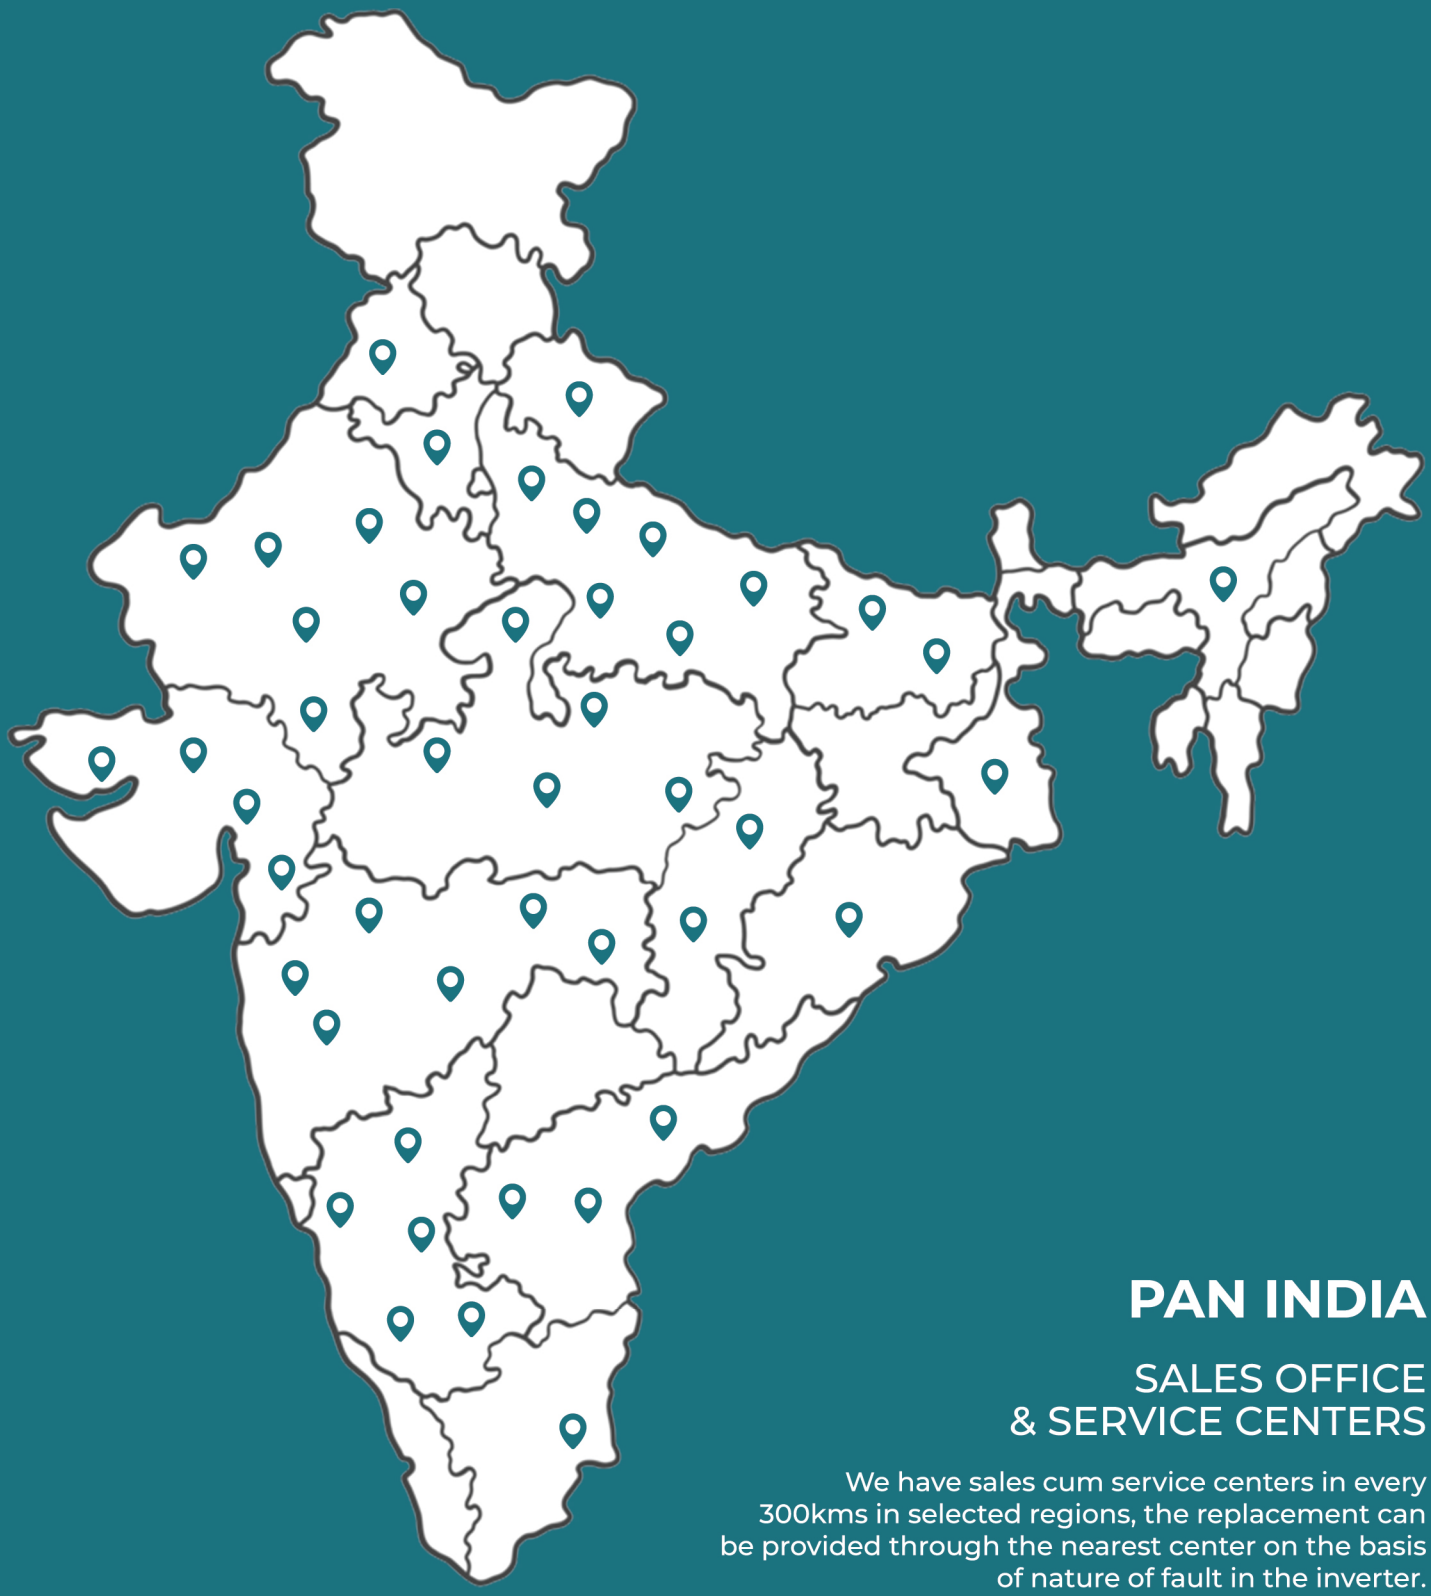
Verifies the Performance of magnetic components under varying load condition to prevent functional degradation.



PEOPLE POWERING CATHODE

CATHODE POWER | SPREADING GOODNESS WITH TRUST

PAN INDIA PRESENCE



PAN INDIA

SALES OFFICE & SERVICE CENTERS

We have sales cum service centers in every 300kms in selected regions, the replacement can be provided through the nearest center on the basis of nature of fault in the inverter.
